

Teacher Resource Center

Approved Schools Directory

2026-2027

The Empty Stocking Fund Teacher Resource Center is available to educators employed at **Title I schools where at least 50% of students are identified as economically disadvantaged through Georgia's Direct Certification measure**. The schools listed in this document have been determined to meet the eligibility requirements for the 2026-2027 program year.

This approved school list is based on the most recent Georgia Direct Certification data published by the Governor's Office of Student Achievement (GOSA). The next statewide data update is expected in 2027. The Empty Stocking Fund will use that updated data to review and revise the approved school list for the 2027-2028 Teacher Resource Center program year.
